NASHVILLE

"JUST WOW!"

"So much fun and so informative!"

THE EVENT

Join us in Nashville for a two-day CE experience designed for doctors, hygienists, and the entire dental team!

Discover practical, science-driven strategies to transform your hygiene department, strengthen patient care, and build confidence with plug-and-play protocols you can implement immediately.

12 Live CE Credits | Systems. Confidence. Results.

WHAT YOU'LL LEARN

- **Oral-Systemic Connections:** New and current research and what it means for patient care.
- **Bacterial Testing:** How it works, when to test, and what the bad bugs mean.
- **Precision Periodontal Protocols:** Plug-and-play protocols that are easy to implement with predictable results.
- **Microscopy:** Show patients their own bacteria and watch perio get personal.
- **Verbal Skills:** Get the script you wish they taught you in school.
- **Implementation Strategies:** See how to make perio protocols stick on busy days.
- **Coding With Confidence:** Know what to code so you can get paid for your care.

» ***Featuring the Ultimate Team Edition — Bring Your Dental Team!***
